

complaint is against verizon wireless, 6550 w. hillborough avenue,  
tampa, florida. 33634.

For the past 5 monthes, verizon has been charing me a Seminole city  
tax on my wireless bill. I have called every month and gotten one  
lie after another. I have even gone to the City of Seminole and  
they sent a letter to Verizon, stating that I do not live in  
Seminole, and do not owe the tax.

Verizon is telling me that the FCC makes the determination of this  
tax, but I know that is not so, as AT&T did not levy this tax on my  
bill.

My zip code is 33708, this is a St. Petersburg address, but the  
actual post office is in Madeira Beach, I live in neither city  
limits, but in the unincorporated county of Pinellas.

Could you help me get this tax removed from my bill? I can send a  
copy of the letter from the city of Seminole if necessary.

Thank you,

Susan Chopan
